# AUTHENTIC HEAD TURNING STYLE

---

Florida Tile's East Village collection is true to its namesake NYC neighborhood. The creative hotbed of lower Manhattan is beloved for its patented grit and spirited grandeur. A melting pot of artists, actors, musicians, and more, it embodies a rich coming together of social, cultural, and architectural histories that ardently resist the norm. Synonymous with its iconic boutiques, lounges, bookstores, and cafes, East Village celebrates a freethinking aesthetic that pushes boundaries and never ceases to deliver authentic, head-turning style.

This color body porcelain field tile boasts a wide range of rectified formats – 3.75x12, 12x24, 24x24, 24x48 – complemented by a dramatic, oversized waterjet-cut hexagon measuring 22.5x22.5. Transient variations of tone in an artful, washed concrete look are found in each of the four colors: Avenue A Gray, E. Houston Warm Gray, Stuyvesant Charcoal, and Tompkins Blue/Black.

Completing this inspired collection are a bullnose and 36-piece mosaic in each color and two unique, waterjet-cut, tri-colored, pieced hexagon mosaics in both a warm and cool mix.

Manufactured using proprietary HDP—High Definition Porcelain® printing technology, East Village is appropriate for most applications in both residential and commercial settings. It is made in the USA in our Green Squared® certified Advanced Manufacturing Center, located in Lawrenceburg, KY. It includes pre-consumer recycled content and is GREENGUARD® and Porcelain Tile certified. Incorporated into the tile surface is Microban® antimicrobial technology that works continuously to inhibit bacteria growth, improve visible cleanliness, and reduce odors.
