ANTIMICROBIAL SURFACE

This collection is made with
the exclusive antimicrobial Protect technology

with MICROBAN [®]

P R () T E C T ®

To live **healthily, safe** **and secure**

Antimicrobial floor and wall coverings with the highest performance

POWERFUL ACTION
eliminates microbes and prevents their reproduction

CONTINUOUS PROTECTION
always active, 24 hours a day, with and without sunlight

ETERNAL EFFECTIVENESS
thanks to the technology permanently integrated into the product

with **MICROBAN**®

**The beauty
of feeling
at home**

A photograph of a family of four sitting together in a living room. A man with a beard and curly hair is on the left, smiling. A woman is on the right, also smiling. Two young girls are in the center, holding hands and smiling. They are all wearing blue and white striped shirts. The background is a softly lit room with a lamp.

At home, together, we make our dreams come true...

When our lifestyle mirrors our individuality, everything becomes more harmonious: our personalities, and even the differences in personalities, work together to form an entity, a family. Diverse characters, diverse identities all express different, fundamental aspects and all these are revealed in Home's surfaces: half stone, half cement they are a mixture of textures with multiple effects of shading and a "lived in" feeling. All surfaces are welcoming, bringing warmth into our daily life.

A great palette of ideas ready for us

The Home collection conveys the authenticity of natural materials, with the human touch reducing the imperfections, adding contemporary refinement, and letting us appreciate, more than ever, all that is beautiful and pleasing to touch and to look at. Our homes are places dedicated to hospitality, expressing harmony in many ways. It is a labyrinth where we are never lost, where emotions and creativity are combined and where we find our identity through our passion for culture and for living.

Pure beauty is a blend of unique features

A pleasing sense of intimacy around us

We perceive naturalness more clearly in the increasing variety of forms and shapes which help us achieve our wish to make every corner of the house special. The Home collection is a softened, harmonious flow of surfaces and styles designed for new settings in which to feel good. Small corners to relax in, where the solidity of stone becomes as variable as concrete, right for coordinated floor and wall solutions.

Home, a place to meet and feel comfortable

A home is many different styles combined. This attitude reflects our relationship with friends, going out with them and experiencing new surroundings. Uniqueness, creativity, flair: a perfect mix of quality and pure all-Italian creativity are found in the Home collection. It is a variegated design for surfaces, with a great variety of tones within the same color scheme. The range of decors and refined decorative designs can be combined or used singularly. The atmosphere created is even more original, with room for reflection for everyone, recalling unforgettable craftsmanship and ancient beauty.

**Enjoy a thousand flavors
of contemporary recipes**

20 mm

20 mm porcelain stoneware for outdoor

20 mm porcelain stoneware has the highest technical performance of any product and is perfect for outdoor spaces, with no risk of breakage. It enables solutions that create seamless continuity between interior and exterior spaces. Resistant to frost and to thermal shock, it also has heightened anti-slip characteristics, maintains its texture and color over time, and is easy to clean. The perfect union between aesthetic quality and high technical performance, guaranteeing limitless durability.

RESISTANT AND FUNCTIONAL

Superior mechanical strength and slip resistance, highly resistant to heavy loads.

EASY AND VERSATILE

Simple to install, remove and reuse; easy to clean.

Resistant to vehicular passage when applied to a screed with adhesives.

AN ETERNAL SURFACE

The product and its colors remain stable over time and are highly resistant to stains.

SUITABLE FOR ALL OUTDOOR USE

Resistant to frost, fire, atmospheric agents, thermal shock, acids, mold and salt.

Can be combined with products for interior spaces seamlessly and without interruptions.

ECO-FRIENDLY

Manufactured in a way which respects and protects the environment.

COLOURED-BODY GLAZED STONEWARE

PROTECT

ANTIMICROBIAL SURFACE
with Microban®

TECHNICAL FEATURES

COLOURED-BODY GLAZED STONEWARE according to ANSI A137.1 (Glazed Porcelain Tiles - P1 Class)

TECHNICAL FEATURES	TEST METHOD	REQUIRED VALUES	AVERAGE VALUES
 WATER ABSORPTION	ASTM C373	≤ 0,5%	CONFORMS
 BREAKING STRENGTH	ASTM C648	≥ 250 lbf	350 lbf 9 mm 2,800 lbf 20 mm
 SURFACE ABRASION RESISTANCE	ASTM C1027	As indicated by manufacturer	PEI 5 White Range PEI 4 Grey Range, Greige Range
 LINEAR THERMAL EXPANSION	ASTM C372	No provision	$\alpha \leq 4,4 \times 10^{-6} \text{ }^\circ\text{F}^{-1}$ $\alpha \leq 8 \times 10^{-6} \text{ }^\circ\text{C}^{-1}$
 STAIN RESISTANCE	ASTM C1378	As indicated by manufacturer	A RESISTANT
 CHEMICAL RESISTANCE^(*)	ASTM C650	As indicated by manufacturer	A RESISTANT
 FROST RESISTANCE	ASTM C1026	As indicated by manufacturer	RESISTANT
 BOND STRENGTH	ASTM C482	≥ 50 PSI	CONFORMS
 SLIP RESISTANCE	ANSI A326.3	-	ID - DCOF ≥ 0.42 (dry) Natural IW - DCOF ≥ 0.42 (wet) Natural IW+ Natural*** EW Anti-Slip
 SHADE VARIATION	ANSI A137.1	As indicated by manufacturer	V4 Substantial variation
 FLAME SPREAD	ASTM E84	-	Class A
 THERMAL CONDUCTIVITY	EN 12524	-	$\lambda = 1,3 \text{ W/m }^\circ\text{K} / 0,7 \text{ BTU/ft h }^\circ\text{F}$
 RECOMMENDED MINIMUM JOINT^(**)	RECT (INDOOR)	-	1/8" - 3.2 mm approx.
	OUTDOOR	-	3/16" - 4.7 mm approx.
 THICKNESS	SIZES		
	24"x24" Rect - 60x60 cm	-	9 mm
	12"x24" Rect - 30x60 cm	-	
	24"x48" Rect - 60x120 cm	-	
	24"x24" - 60.7x60.7 cm	-	20 mm

(*) Excluding hydrofluoric acid and its derivatives.

(**) Grout Joint Recommendations. Per TCNA Handbook, the minimum required joint width for ceramic tile and natural stone is 1/16th". Setting ceramic or stone without a grout joint of a least 1/16", often referred to as a butt joint, does not provide sufficient accommodation for dynamic building movement, differential thermal expansion, or allowable variation in fabrication or manufacturing.

(***) With the exception of areas characterized by a higher risk of slipping (such as public showers, indoor swimming pools, etc.) for which an Anti-Slip surface is recommended.

COLOURED-BODY GLAZED STONEWARE

PROTECT

ANTIMICROBIAL SURFACE
with Microban®

INTENDED USE

KEY

RESIDENTIAL

Kitchens, bathrooms, living rooms and other residential environments.

LIGHT COMMERCIAL

Offices, offices open to the general public, waiting rooms, shops, public bathrooms, common apartment block areas, restaurant dining rooms, car showrooms, bars, cinemas, surgeries/clinics, hotel rooms and bathrooms.

INTENSIVE COMMERCIAL

Common areas of shopping centres, hotel foyers, canteens, fast food restaurants, dance clubs, hospitals, schools, museums, places of worship, airports, stations.

OUTDOOR

Mainly for external areas that require flooring with anti-slip characteristics.

CERTIFICATIONS

PANARIA CERAMICA is a member of the U.S. Green Building Council: this is an organisation that promotes buildings that are environmentally responsible, profitable and healthy places to live and work. LEED card HOME series is available on request.

GREENGUARD CERTIFICATION
Panaria HOME series is made in a production plan GOLD GREENGUARD certified.

ENVIRONMENTAL PRODUCT DECLARATION
This Environmental Product Declaration is provided by Tile Council of North America (TCNA).

Product designed in Italy and made in USA

PANARIA AND THE ENVIRONMENT

100% REUSE OF UNFIRED TILES

Crude waste generated by the process is reintegrated in the production cycle with no costs for the environment. This contributes to the safeguard of natural resources.

LOW EMISSIONS IN THE ATMOSPHERE

Panaria production plant strictly complies to US Standards with a very small amount of gas emissions in the atmosphere.

100% REUSE/RECYCLING OF THE INDUSTRIAL WASTE - FIRED TILES

The waste-fired tiles are fully reused in the production cycle. In addition, at the end of life, the tiles Panaria can be recycled as materials for substrates for roads and buildings, thus reducing the use of gravel and natural aggregates commonly used in building.

SAFETY REQUIREMENTS: NO FIRE REACTION

All of Panaria's ceramic tile products are Class A building materials as described in ASTM E84 - Standard Test Method for Surface Burning Characteristics of Building Materials. This is due to the flame spread rating of (0) and smoke developed rating of (0) falling within the ranges of a Class A material. Other building codes refer to this as a Type I material in accordance with NFPA 255.

100% WATER RECYCLING

The water used in the production process is recycled. The water demand is strongly reduced by this mean.

PANARIA PACKING MATERIAL IS 100% RECYCLABLE

Carton boxes, plastic packaging materials, wooden pallets, straps, etc.

100% OF NON CERAMIC WASTE

Is differentiated and recycled in other production cycles.

METHANE CONSUMPTION IS HIGHLY REDUCED

By the use of up to date technologies and customized installations.
