SEQUENCE HDP

High Definition Porcelain

shown on front: **34901 24x48** Breeze

Sequence^{HDP} is inspired by the elegant Varana stone found in the Emilia-Romagna region of Italy. With its light gray coloration, small compact granules and contrasting wave-like veining, Varana stone is the material of choice on altars and baptismal fonts throughout that area. Florida Tile's unique interpretation of this stone, Sequence^{HDP} brings versatile color and size options in a color body glazed porcelain tile that realizes an ideal palette for designers.

The tone-on-tone veining in Sequence^{HDP} allows for beautiful shade variations in each of its four color choices: Breeze, a light dove tone with waves of a neutral beige; Drift, a warm taupe accentuated with darker grays and browns; Current, a medium gray with steel blue-gray delineations; and Vortex, a dark slate gray with black graphic effects.

This collection features a soft, flat surface and rectified edges allowing for tight, nearly seamless installations. Field tile available

in all four colors include: 3.75x12, 12x24, and 24x24. Sizes 8x48 and 24x48 are only available in the colors Breeze, Drift, and Current.

Complementing the field tile are two mesh-mounted mosaics, a chic herringbone pattern made of 1x3 strips and an oversized 4" hexagon pattern. Completing the collection is a 3x24 bullnose. The mosaics and bullnose are available in all four collection colors.

Manufactured using proprietary HDP—High Definition Porcelain® printing technology, Sequence^{HDP} is appropriate for most applications in both residential and commercial settings. It is made in the USA in our Green Squared® certified Advanced Manufacturing Center in Lawrenceburg, KY, and includes pre-consumer recycled content. It meets the DCOF AcuTest requirements to be installed in wet areas and is GREENGUARD® and Porcelain Tile certified. Incorporated into the tile surface is Microban® antimicrobial technology that works continuously to inhibit bacteria growth, improve visible cleanliness, and reduce odors.
